

MAESTRO

Nova WorkStation

A kitchen **sink** designed for those who prioritise tidiness, functionality and aesthetics.

NOVA 80 WS-TG
726mm x 320mm

 **Top installation**

Antibacterial protection

Chopping board

Automatic valve

80% made of quartz and acrylic resins

Colander

HelixPro basket

2 inner levels

Seamless integration

All-in-one solution that maximises space and includes two integrated levels with accessories.

Extraordinary hygiene

It incorporates antibacterial protection with silver ions that avoid microorganism proliferation.

Greater capacity

Main bowl depth of 200mm.

Maximum resistance

Highly resistance to impact, scratches, heat, thermal shocks and solar exposure.

More convenience

The HelixPro basket and the automatic valve ensure efficient and hassle-free water flow.

Easy cleaning

It has an odorless stain-resistant finish that leaves no trace.
