

PROFI COOK®

Supreme quality meets innovative design

Product catalogue 2023

Where quality meets innovative design

Do you know why you start to have fun in your kitchen with ProfiCook?

Because from the very beginning you can rely on everything that has to do with technology, functionality and quality. Here a timeless stainless steel look is combined with robust workmanship and elegant design.

With ProfiCook your kitchen becomes a room in which you not only work effectively, but also with a great deal of pleasure. A room in which you will still enjoy the functional equipment and durable quality even after many years.

PROFI  COOK®
Supreme quality meets innovative design

Vintage

PC-WKS 1192

- > High-quality kettle in an appealing vintage look
- > Solid metal housing (painted) with high-quality chrome applications
- > Capacity up to 1.7 litres
- > Base station with cord storage
- > Simple handling due to cable-free technology and 360° connector
- > Limescale fine filter (removable)
- > Stainless steel lid with viewing window
- > On/off switch (illuminated)
- > Incl. temperature display
- > Concealed stainless steel heating element
- > Automatic and manual switch-off
- > External water level indicator
- > Evaporation/overheating protection
- > 220–240 V, 50/60 Hz, 1850–2200 W

PC-UM 1195

- > Robust universal mixer in an appealing vintage look for pureeing, beating, chopping, shaking and mixing
- > Solid metal housing (painted) with high-quality chrome applications
- > Powerful long-life professional motor (800 watt)
- > Ice crush- and turbo function
- > 4 speed levels (0-1-2 + pulse/turbo function)
- > Removable solid glass mixing jug with scale (1.5 litres)
- > Lid with refill opening (approx. 50 mm Ø)
- > Cover for refill opening can be used as a measuring cup (5 cl)
- > 4-fold stainless steel blade with „piranha“ cut removable for easy cleaning (rustproof)
- > Rotary switch (illuminated)
- > Safety circuit – operation only possible with attached container
- > Secure stand due to suction feet
- > 220–240 V, 50/60 Hz, 800 W, 18.000 rpm max.

PC-TA 1193

- > High-quality 2-slice toaster in an appealing vintage look
- > Solid metal housing (painted) with high-quality chrome applications
- > „Wide slot“ – extra wide toast slots (40 mm)
- > Massive 2 in 1 bread roll attachment incl. cool touch handles, also suitable for serving
- > Defrost/reheat/quick-stop function (illuminated)
- > Continuously adjustable browning level
- > Incl. browning level display
- > Centring function
- > Automatic and manual switch-off
- > Crumb drawer
- > Cord storage
- > Secure stand due to rubberized feet
- > 220–240 V, 50/60 Hz, 685–815 W

PC-TA 1194

- > High-quality 4-slice toaster in an appealing vintage look
- > Solid metal housing (painted) with high-quality chrome applications
- > „Wide slot“ – extra wide toast slots (40 mm)
- > Massive 2 in 1 bread roll attachment incl. cool touch handles, also suitable for serving
- > Automatic and manual switch-off
- > 2 separate controls for individual use
- > 2 continuously adjustable toasting controllers
- > 2x individual browning level display
- > 2x centring function for even browning
- > 2x defrost function (illuminated)
- > 2x reheat function (illuminated)
- > 2x quick-stop function (illuminated)
- > 1x bread roll attachment (removable)
- > 2x crumb drawer (removable)
- > Cord storage
- > 220–240 V, 50/60 Hz, 1370–1630 W

PC-KM 1197

- > Powerful kneading machine with high-performance long-life professional motor (1200 watt)
- > Massive aluminium die-cast housing lid (painted) for high stability
- > Sturdy special gear
- > Consistent performance due to load-dependent electronic rotation speed control
- > 8 speed levels (0/1/2/3/4/5/6 + pulse)
- > Soft start for slow mixing
- > Illuminated rotary control
- > 5.0 litres stainless steel bowl for max. 2.5–3 kg dough preparation
- > Swivelling multi-purpose arm with unlocking mechanism
- > Transparent splash protection lid with refill opening (removable)
- > Safety circuit – machine stops when lifting the arm
- > Aluminium die-cast kneading hook for heavy dough like yeast dough or bread dough
- > Aluminium die-cast stirring hook for light dough like short pastry dough, crumble dough or sponge mixture
- > Stainless steel whisk for whipping of egg white, cream, meringue and many others
- > Easy to operate and to clean
- > High stability due to suction feet
- > Quick-action chuck for holding the tools
- > 220–240 V, 50/60 Hz, 1200 W

**PC-ES 1209****Espresso machine**

Professional espresso machine

Constant pump pressure of up to 20 bar

Stainless steel housing

- > Professional espresso machine for coffee specialties such as:
 - Espresso / Ristretto
 - Latte Macchiato / Caffè Latte
 - Cappuccino
 - Mocha
 - Coffee Crema
 - Caffè Americano

Kneading machine

3 in 1 – Kneading machine, mixer and mincer

Massive aluminium die-cast housing

Long-life professional motor (1500 watt)

- > Robust multi-kneading machine with aluminium die-cast housing and resistant metal gear
- > High-performance long-life professional motor (1500 Watt)
- > Consistent performance due to load-dependent electronic rotation speed control
- > 8 speed levels (0/1/2/3/4/5/6 + pulse)
- > Soft start for slow mixing
- > Illuminated rotary controls
- > Large 6.7 litres stainless steel bowl for max. 3–3.5 kg dough preparation
- > Swivelling multifunction arm with unlocking mechanism
- > Transparent splash protection lid with refill opening (removable)
- > Safety circuit – machine stops when lifting the arm
- > Aluminium die-cast stirring hook – for light dough like short pastry dough, crumble dough or sponge mixture

- > Aluminium die-cast dough hook – for heavy dough like yeast dough, bread dough or pasta dough
- > Stainless steel whisk for whipping of egg white, cream, meringue and many others
- > Easy to operate and to clean
- > Secure stand due to suction feet
- > Quick-action chuck for holding the tools

Mixer

- > Glass mixing container with scale and refill opening (1.5 litres)
- > For pureeing, beating, chopping, shaking, mixing
- > Ideal for preparing fruit and fitness drinks, milkshakes, cocktails, soups, salsa sauces and baby food as well as smoothies, vegetable purees, dips, spice pastes and many more
- > 4-bladed stainless steel knife for problem-free mixing, removable for cleaning
- > Safety circuit – operation only possible with attached container

Mincer

- > Metal tube, metal cutter, 3 stainless steel mincing disks, stainless steel cutter, sausage filler accessory, biscuit attachment (4 molds), kebbe attachment for oriental dumplings, metal refill tray
- > 220–240 V, 50/60 Hz, 1500 W

- > Secure stand due to rubberised feet

Independent energy generation by a
short turn of the power button

Kinetic energy is the term used to
describe energy that is generated
when a body moves. Other words for
this are, for example, kinetic energy or
velocity energy.

Relaxed throughout the day

> Perfect timing, impressive performance

Sometimes things have to happen quickly. Cooking is (often) a case of time management. If you have to reach the finishing line quickly, the hot plates, microwaves and table grills made by ProfiCook are the right sprinters for the starting line-up.

With impressive performances which are available to you without any long warming-up period.

And if you prefer to precook items or a few portions are left over, the ProfiCook vacuum sealer will help you as well to store your creations quickly and safely.

Preservation and freshness
without preservatives

**PC-VK 1146****Vacuum sealer**

Stainless steel housing

Suction power: 12 litres/min.

Vacuum cooking – extremely careful preparation

**Sealing:**

- > Shelf life and freshness without preservatives
- > Space-saving storage
- > No freezer burn
- > More intensive aroma
- > Vacuum cooking

- > Fully automatic and powerful vacuum sealer with stainless steel housing
- > Ideal for dividing large quantities of food into smaller portions
- > Space-saving, safe storage without preservatives
- > When sealed, food remains fresh up to 8x times longer. Vitamins and nutrients are retained
- > Vacuum guards against freezer burn when deep freezing
- > Perfect also for seasoned and marinated food – vacuum sealing creates a more intensive aroma
- > Vacuum cooking (Sous Vide) allows food to be preserved in its own juices. No drying out and no loss of nutrients during preparation
- > Extra wide, sturdy weld seam for reliable storage
- > Electronic sensor touch control panel
- > Electronic vacuum regulation (4 steps) perfectly suitable for delicate food items
- > Suction power: 12 litres/min.
- > Approx. 90% vacuum, –0.8 bar
- > Can be used with commercially available structured plastic wrap rolls and structured plastic bags (max. 30 cm wide, length as required)

Accessories:
additional spare bags and
foil rolls (see pages 65 and 96)

- > Incl. 18 professional airtight bags with diagonally corrugated structure for optimum sealing results (10 pieces at 22 cm x 30 cm / 8 pieces at 28 cm x 40 cm, also available as accessories)
- > Suitable for cooking and microwave
- > 4 indicator lights
- > Drip tray for residual moisture (removable)
- > Secure stand
- > 220–240 V, 50–60 Hz, 120 W max.

Vacuum & Sous Vide Accessories

Fresh for up to 8 times longer – Thanks to ProfiCook!

Health is currently extremely popular – Our vacuum foils keep food fresh for longer, saving you time, and with the assistance of ProfiCook helping you maintain a healthy diet. Start the freshness initiative.

All bags come with a diagonal rib structure for great stability and tensile strength.

Whether as a foil bag for direct processing or as a foil roll, here you will find the right accessories.

More benefits at a glance:

- The freshness and shelf life of food is extended by up to 8 times
- Perfect for portioning food
- Suitable for cooking and the microwave
- Usable in the oven (up to 100 °C / 212 °F) as well
- Washable
- Tear-resistant due to high foil strength
- Sturdy weld seam
- No preservatives
- Food stays fresh longer / preserve their nutrients and ingredients
- No freezer burn and loss of flavour
- Rib structure for an ideal vacuum
- Odourless and tasteless

Sous Vide – Cooking in a vacuum bag for a tasty and gentle preparation

PC-DR 1218
Stainless steel food dryer

LED display with sensor touch operation

Electronic timer (30 min. to 24 hrs.)

Heat-insulated stainless steel housing (double-walled)

- > Stainless steel food dryer for drying fruit, vegetables, herbs, meat, mushrooms, fish and more. Rich in essential minerals for well-being, fitness and health
- > Drying is a very gentle method – all ingredients are preserved
- > Preparation of e.g. muesli bars, beef jerky, dried vegetable broth, granola or vegetable chips possible
- > **HIGH-PERFORMANCE:** Dries fruit, vegetables, meat and other foods in record time to produce delicious, long-lasting snacks and ingredients without food additives.
- > **RIGHT TEMPERATURE:** Whether preparing vitamin-rich dried fruit such as apple and banana chips or healthy vegetables such as dried tomatoes – the right temperature can be set for every taste.
- > **AIRFLOW CIRCULATION:** Even heat distribution thanks to 360° airflow circulation and a digital thermostat ensure that no water remains in the food and that the drying time is short.
- > **EASY CLEANING:** Cleaning after the drying process is not complicated at all: the 6 stainless steel storage grids, the non-stick insert and the drip tray can be rinsed off easily.
- > Also suitable for preparing high-quality pet food/treats such as dried meat
- > Large interior with up to 6 usable levels (0.6 m²*)
- > Comes with 6 stainless steel storage grids (33 x 30.5 cm per grid) for various dried foods (durable, food safe, hygienic, easy to clean, dishwasher-safe)

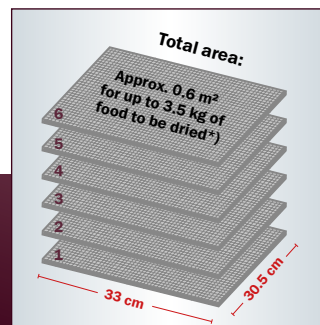

Incl. 6 stainless steel storage grids/
drying trays for various dried foods

AIRFLOW CIRCULATION: Even heat distribution thanks to 360° airflow circulation and a digital thermostat

- > Heat-insulated stainless steel housing (double-walled)
- > Glass door with large viewing window
- > Temperature setting: 35–75 °C in 5 °C steps
- > Digital thermostat included
- > Electronic temperature display (°C)
- > Electronic timer (30 min.–24 hrs.) with digital display for remaining time
- > Switch-off function with beep
- > LED display with sensor touch operation
- > Convenient recessed handles
- > Overheating protection
- > Accessories: 6x stainless steel storage grids, 1x non-stick insert, 1x drip tray for fat residues and crumbs (BPA-free)
- > 220–240 V, 50–60 Hz, 550–650 W

*) For processing/drying foods that contain large amounts of water such as apples, pineapple etc.

Scratch-resistant smooth cooking surface (very easy to clean)

**PC-EKI 1062 Induction single hotplate**

Heating only takes seconds thanks to induction technology
Eco-friendly glass-ceramic cooking surface
2000 watt

- > Induction single hotplate with high-quality, eco friendly glass-ceramic cooking surface
- > Scratch-resistant smooth cooking surface (very easy to clean)
- > Heating only takes seconds thanks to induction technology
- > ECO-Save – 55 % time savings compared to conventional hotplates, no preheating phase, energy saving
- > Automatic pot detection – automatic switch-off in the case of non-induction pots
- > 10 power levels and 10 temperature levels with LED indication (60 °C–240 °C)
- > Electronic sensor touch control panel with display for comfortable operation
- > 3 LED indicator lights
- > 180 minutes timer with automatic switch-off and end signal
- > Countdown indication on the LED display
- > Automatic switch-off after 120 min. without operation
- > Automatic switch-off after removal of the pot
- > Child lock
- > High stability due to non-slip feet
- > Overheating protection
- > 220–240 V, 50/60 Hz, 2000 W

Electronic sensor touch control panel with display for comfortable operation

- > Red illuminated LED control knob for the 800 °C infrared ceramic burner²⁾
- > Sturdy, dual-wall grill hood with integrated temperature display
- > 66 x 38 cm grill area, consisting of 3 cast-iron grilling grids
- > 66 cm warming rack (enamelled)
- > Large, extractable fat collecting tray for easy cleaning
- > The operating height of 85 cm allows for easy and ergonomic operation
- > Both side tables can be folded for space-saving storage
- > Large housing cabinet with two doors and magnetic lock (suitable to fit a 5 kg gas cylinder)
- > 2 stainless steel burners (3.3 kW each)
- > 1 high-performance stainless steel burner for particularly hot temperatures and the perfect grilled food (4.2 kW)
- > 1 ceramic burner with professional temperatures of up to 800 °C, perfect for grilling or for a particularly crispy finish (crust) – it stays tender and beautifully juicy inside (3.5 kW)

1 ceramic burner with professional
temperatures of up to 800 °C, perfect
for grilling or for a particularly crispy
finish (crust) - it stays tender and
beautifully juicy inside

Incl. high-performance burner
+ 800°C–infrared ceramic burner

Incl. temperature display

Incl. gas pressure reduction valve and
gas tube

Large grill area: 66 x 38 cm,
3 cast-iron grilling grids

- > Stainless steel burner cover
- > 2 wheels for easy and fast movement
- > Incl. gas pressure reduction valve and gas tube for Germany and Austria

²⁾ Battery type L1016 included

PC-WK 1233	501 233	328 / 688 / 860
Colour:	Art. EAN:	Device (W x H x D):
Black	4 006 160 012 330	260 x 480 x 495 mm
PU:	Export carton EAN:	Packaging (W x H x D):
1	—	300 x 505 x 535 mm

Control panel with LED display

Blue LED interior light

Open

NEW!**PC-WK 1235 Wine cooler**

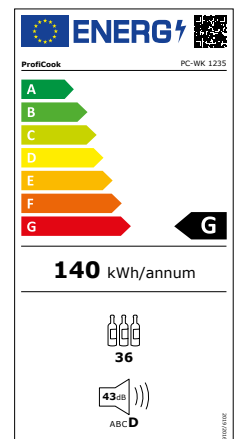

Bottle capacity: 36 à 0.75 litre

Control panel with LCD display

Sensor touch operation

- > Bottle capacity: 36 à 0.75 litre
- > Net capacity: 95 litres
- > Compressor cooling
- > Anti-vibration system
- > Sensor touch operation
- > Control panel with LED display (blue illuminated)
- > Electronical temperature setting and control
- > Digital temperature settings and display
- > Temperature setting: +4°C to +18°C (the reachable value cannot be higher than the ambient temperature at the place of installation)
- > Blue LED interior light (separate switchable)
- > 7 storage levels with 6 removable wooden racks
- > UV protected glass door (double-glazed)
- > Housing colour: black
- > Door stop at the right
- > Adjustable feet
- > Climate class: SN/N (+10°C to +32°C)
- > Coolant: R600a
- > Energy consumption / 24 h: 0.383 kWh
- > Energy consumption / year: 140 kWh
- > 220-240 V, 50 Hz, 0.55 A
